

HP 20

Specifications

Weight	32 kg
Max. Pressure	250 mbar
Protection Class	IP44
Power Consumption	17 W
LxWxH	182X138X170 mm
Duty Cycle	S1 - 100% ? 200 mbar
Frequency	50 Hz
Voltage	230 V
Noise Level	31 dB(A)/1m
Air Flow @ 0 Mbar	30 (L/min)
Air Flow @ 250 Mbar	2 (L/min)

Description

The HIBLOW oil-free linear diaphragm pumps are manufactured by Techno Takatsuki from Japan. The company was the first to introduce this technology and they are still very innovative and the market leader.

Features

- Very quiet in operation
- Low power consumption
- No vibrations
- Low cost for service
