

HP 80

Specifications

Frequency	50 Hz
Voltage	230 V
Noise Level	36 dB(A)/1m
LxWxH	235x180x196 mm
Power Consumption	71 W
Max. Pressure	430 mbar
Weight	7 kg
Protection Class	IP44
Duty Cycle	S1 - 100% ? 300 mbar
Air Flow @ 0 Mbar	120 (L/min)
Air Flow @ 250 Mbar	47 (L/min)
Air Flow @ 400 Mbar	10 (L/min)

Description

The HIBLOW oil-free linear diaphragm pumps are manufactured by Techno Takatsuki from Japan. The company was the first to introduce this technology and they are still very innovative and the market leader.

Features

- Very quiet in operation
- Low power consumption
- No vibrations
- Low cost for service
